Re: **Natural Hair Blessing Bags** Sponsorship

Greetings!

Embracing My Natural, Inc., is a nonprofit organization dedicated to promoting natural hair care. Our mission is to create awareness about the importance of natural hair care and to provide resources for those in need. We offer various workshops and events to promote natural hair care and empower individuals to embrace their natural beauty with confidence.

Another way we work toward this mission is through the distribution of our **Natural Hair Blessing Bags**. These bags contain essential hair care products for individuals who have natural hair. By providing these resources, we hope to make it easier for people in our communities to care for their hair and feel proud of their natural beauty.

In order for us to make a bigger impact in our communities we need your help. Your assistance will help us reach the masses. Please consider being a sponsor or donating to our cause!

Listed below are the ways you can become a sponsor and/or contribute to our mission:

— Donate natural hair products & tools (**preferred method of donations**)
— Make a financial contribution at **www.embracingmynatural.org** or **scan the QR code** above
— Send a check/money order

Note: We will provide our mailing address for donations once sponsorship is confirmed.
501(c)(3) confirmation letter available upon request. Visit our website for a list of past and current recipients and sponsors.

Thank you in advance!

Sincerely,

Dr. Meeca K. Terry
